

Machine Upgrades

Pentium 3 IPC Upgrade to i7

The supplier of Pentium 3 IPCs has discontinued their production. There is no more supply of Pentium 3 IPCs.

Contact Husky for enquiry:

Asia Pacific: apafms@husky.ca
North & South America: lscamer@husky.ca
Europe & Africa: afmaemea@husky.ca

Category

• Performance & Productivity Improvements • Reduced Energy • Improved Maintainability • **Obsolescence Management**

Upgrade Benefits

Husky recommends taking a proactive, planned approach by upgrading Pentium 3's during scheduled maintenance to avoid unexpected downtime. Ultimately this improves machine uptime and saves cost.

Upgrade includes:

- Quad Core i7 IPC
- An upgraded operator interface(HMI panel, HMI video cable and HMI mounting assembly)
- UPS battery-WES2009 Operating System (XPbased)
- Software version upgrade to latest available with write protect feature
- Ability to back-up software to a USB

Installation Instructions

Please refer to quotation (minimum 2-3 days)

Lead time ~ 8 weeks

To request a quotation for the IPC Upgrade, contact your local CSM (Customer Success Management) Business Advisor or send an inquiry to your local CSM Sales Contact listed below.

IMPORTANT UPDATE: Pentium 3 IPC's are no longer available. Please contact your CSM Business Advisor or Regional Service Advisor for Upgrade Options.

Product Line Affected

- Hylectric General Purpose Machines
